

EAP Newsletter

Vienna, December 2009

Dear colleagues,

During the last months a lot of things happened. We had a wonderful and interesting congress in Portugal and very constructive **EAP meetings in Lisbon and Graz**. Both of our hosts have taken great efforts to make these meetings very productive and amiable. More information on these events can be found underneath.

We are also very actively preparing our next meeting in Vienna (February 18-20, 2010), including **a conference on the political and legal status of psychotherapists from a professional and clients' protection point of view in the European Union**. On the next pages you will find the detailed program and we are very proud that Jürgen Tiedje from the European Commission and head of the Professional Qualification Unit will join us in this event. This conference is another step in our ongoing work to help creating a unified high level standard of psychotherapy throughout Europe.

Our next **EAP congress** (including our Annual General Meeting) will take place in **Bucarest, Romania**, from July 1-4, 2010. The topic of this congress is „**Crisis: Change or Challenge**“ and you are all invited to participate! More information on the congress can be found underneath and on www.eap2010.eu .

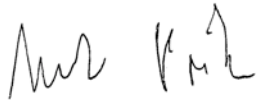

During our Annual General Meeting in Lisbon, Dr. Rodolfo de Bernart from Italy was elected as EAP president and Adrian Rhodes from the United Kingdom was elected as incoming vice-president. You will find a short portrait on both of them in this newsletter.

For our **International Journal of Psychotherapy** we can offer a **very interesting reduction on the subscription fee** for ECP holders. Please find more detail at the end of our newsletter or take a look at our homepage www.europsyche.org .

Although the holiday season is still some days away we want to wish you a nice and not too stressful time until the end of the year.

We do hope that all your wishes and hopes did come true this year and we cordially wish you happiness and success for the next one!

Sincerely yours,

Univ.-Prof. Dr. Alfred Pritz

7th World Congress for Psychotherapy in **Durban, South Africa**

Recent Events – EAP Meeting in Lisbon, Portugal, July 1-2, 2009

View over Lisbon

More than 450 persons participated in our 16th EAP congress in Lisbon (organised perfectly by Telmo M. Baptista) on the topic of „Meanings of happiness and psychotherapy“. Besides interesting presentations and our EAP meetings we had the chance to see a wonderful city and to experience excellent hospitality.

Recent Events – EAP Meeting in Graz, Austria, October 23-24, 2009

In October Traudl Szyszkowitz in cooperation with the Styrian Association for Psychotherapy invited us to have our meetings in Graz.

They too provided a very nice surrounding and working atmosphere.

The symposium „Reconciliation as a part of psychotherapy“ did not only offer impressive speeches but also gave us a chance to get to know colleagues from Styria.

About the EAP

The EAP elects its presidents for two years. Our current presidents have been elected at the AGM in Lisbon, Portugal, in 2009.

Prof. Rodolfo **de Bernart** - president
Psychotherapist (systemic family therapy), psychiatrist
Founder and director of ITFF, Treasurer of EFTA-TIC (European Family Therapy Association, Training Institutes Chamber), Former president of FIAP (Federazione Italiana delle Associazioni de Psicoterapia)

Rodolfo de Bernart has been active within the EAP for some years and has organised a very big congress on „Humor

and other strategies to survive emotional crisis“ in 2007 in Florence. In his period as president he wants to put special efforts in developing better relations to international organisations.

Canon Adrian **Rhodes** – incoming vice-president
Psychotherapist (psychoanalysis) and clergyman
Representative of the UKCP (United Kingdom Council for Psychotherapy) from 2002-2009

Adrian Rhodes has been active in the EAP for nearly ten years. He has been Chair of the Ethical Guidelines/Co-ordination Committee and co-Chair of NUOC (National Umbrella Organisations Committee). Adrian’s interest is in making the EAP more strategic in its thinking and more focused at every level of its work. Besides his very dedicated and precise work he is also contributing a lot of humor to our organisation.

Prof. Dr. Mony **Elkaïm** – outgoing vice-president
Psychotherapist (systemic family therapy), psychiatrist
Former president of EFTA (European Family Therapy Association) and representing EFTA within the EAP

Mony Elkaïm is very active within the EAP since more than fifteen years. He is chairing the committee for European Wide Organisations and during the last years has put special interest in our relation to the European Commission and to the European Council.
